July 2014

Greetings from Kansas!!! It's been a great summer for us here at New Horizons. The weather hasn't treated us too bad and we've been busy with lots of customers picking up their new units. Production is still in full swing and we are now booked out until December.

Our new 2015 41' Majestic show model has just arrived back from paint. We are excited to tell you about the new features of our 2015 model. The upgrades outlined here have been previewed by several customers who have already ordered their 2015's and their comments all point to this being a HUGE upgrade to an already GREAT coach!

Exterior Features

- 1) All new exterior fiberglass walls from Global Composites. This fiberglass will now be installed in 42' panels which will reduce roller marks going through our pressure laminator. The plywood substrate will actually be glassed right into the back of the fiberglass to give the panels more strength as well as the upgraded look.
- 2) All baggage doors will now be fitted with metal slam latches. These latches will all be keyed alike for your convenience but they also will have secure unique key patterns (not 731 keys).
- 3) Entrance doors will have new & improved keyless entry. The keypad will now lock the deadbolt for added security. The window in the door will be frameless design to match the other windows on the coach.
- 4) The patio awnings will have L.E.D. lighting built right into them for upgraded lighting on your patio and will have new enhanced fabric.
- 5) All 6 of the exterior "scare lights" will be L.E.D. for brighter, more efficient exterior lighting.
- 6) New cast aluminum wheels for an updated look.
- 7) More ground clearance (2") at front and rear of coach without increasing the overall height.
- 8) Continuous A/C ducting allows running rear A/C to cool bedroom and reduce bedroom A/C noise.
- 9) Beautiful new paint schemes will be available.

Interior Features

- 1) The switching for all interior lighting will use the latest multiplex lighting technology (by Firefly®). All light switches will be switched using this technology (no more rocker switches) and will be located at eight convenient locations including the main panel by the entrance door. The "Firefly" system will control:
 - Tank monitors
 - Generator start
 - Awning controls
 - Slide controls
 - Automatic shades
 - Lighting

This system will have an optional program to run all the above plus all TV & sound systems wirelessly from your tablet or smart phone.

- 2) All new light fixtures as well as new upgraded lenses for the ceiling L.E.D. lights.
- 3) Standard shower surrounds will be upgraded to a solid surface style for an upgraded look. Use of “Neo Angle” stalls will add 2” of interior space to the shower.
- 4) The stairs going from main floor to the upper level will have increased width in standard plans.
- 5) All cabinet drawers and doors will have “soft close” technology and under mount drawer glides with smaller euro hinges on cabinet doors.
- 6) Exciting upgraded cabinet, drawer and door profiles will be available to go along with our unparalleled solid wood cabinets.
- 7) Accent colors with glazing will be available to go along with our hand stained cabinet finishes.
- 8) All new cabinet door pulls & knobs to accent the beautiful cabinets will be standard.
- 9) Rear windows will now be “picture window” style to enhance the view out of the rear bay without looking through framing.
- 10) M.C.D. manual roller shades are now standard for enhanced operation and solar screening.

Upcoming Shows and Rally

Can't make it to Kansas to see one of our luxurious coaches? Our Ambassadors will share their experiences and open up their RV for you to view. For a complete list of Ambassadors and to see if there is one in your area check out our website at www.HorizonsRV.com.

New Ambassadors

Bill & Karen Burrington are proud new owners of a 2014 Majestic F41RL4SS. Their location will primarily be in Canada. For those in the northern areas that are interested in seeing a New Horizons unit you can contact Bill & Karen by phone or email.

Phone: 204-795-5106

Email: bill.burrington@mymts.net

--- Schedule ---

Winnipeg, Manitoba now – Aug. 14

Calgary, Alberta Aug. 18 – Aug. 31

Winnipeg, Manitoba Sep. 1 – Dec. 31

Just a sneak peak: they chose an unstained cherry cabinetry for a lighter look with the tumbled marble backsplash and the oil rubbed bronze faucets and fixtures.

Also meet Jeff & Karen King who are excited to be Ambassadors for New Horizons. They just left Junction City in their new 2014 F42RLVTSS Majestic. They can be reached by e-mail at jeff@maverickleadership.com.

--- Schedule ---

Heber City, UT now – 9/13/14

McMinnville, OR 9/18/14 – 10/15/14

San Juan Bautista, CA 10/20/14 – 11/22/14

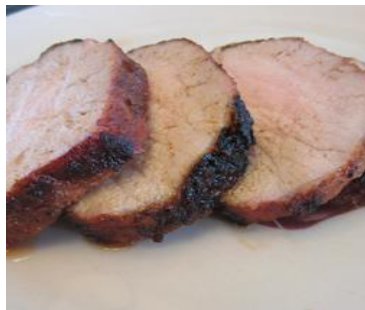

Santee, CA 11/25/14 – 1/3/15

Borrego Springs, CA 1/6/15 – 2/26/15

Kerrville, TX 3/3/15 – 4/29/15

Recipe of the Month – Grilled Chipotle Crusted Pork Tenderloin

Prep Time: 15 Minutes

Cook Time: 20 Minutes

Ready in: 35 Minutes

Servings: 6

Ingredients:

- 1 teaspoon onion powder
- 1 teaspoon garlic powder
- 1 tablespoon chipotle chili powder
- 1 ½ teaspoon salt
- 4 tablespoons brown sugar
- 2 (3/4 lb.) pork tenderloins

Directions:

1. Preheat grill for medium-high heat.
2. In a large re-sealable plastic bag, combine the onion powder, garlic powder, chipotle chili powder, salt and brown sugar. Place tenderloins in bag and shake, coating meat evenly. Refrigerate for 10 to 15 minutes.
3. Lightly oil grate, and arrange meat on grate. Cook for 20 minutes, turning meat every 5 minutes. Remove from grill, let stand for 5 to 10 minutes before slicing.
4. Serve

(Also suggested to let tenderloins marinate in pineapple juice for 24 hours before coating with seasoning)
