## Make Plans Now!

New Horizons Owners Group 2013 Rally is in the planning stages. Rallymasters Tim and Carolyn Pelzek tell us next year's rally will be held at Buckhorn Lake Resort in Kerrville, TX. The event will start on Monday, April 29 and run for five days.

If you are a current owner, look for more information from the Pelzek's in the upcoming months. Or, you may contact them directly at [pelzek@escapees.com](mailto:pelzek@escapees.com). And, we will try to keep you informed through our newsletter as plans develop further.

Whether you're a brand new owner, a New Horizons wannabe or a seasoned veteran, the owners group rally provides a wonderful opportunity to meet other New Horizons owners, tour coaches, and learn from each other and from experienced RV enthusiasts. Don't miss it!

## Product Spotlight—The Summit

Peak, high point, pinnacle, zenith—all words synonymous with “Summit.”

The New Horizons' Summit model stands sometimes in the shadow of its bigger brother—the Majestic, but it's no less well-built or planned, nor is it lacking in quality construction and top-notch appointments.

Our latest 35' Summit build is a showpiece of handcrafted, solid wood oak with many beautiful and convenient upgrades. Options include: full-body paint in Silver Mist, 8,000 pound axles, additional A/C in the bedroom with heat pump, arctic package, LED exterior marker lights, LED ceiling lights, upgraded Home Theatre Package, tumbled marble backsplash in kitchen and bathroom vanities, kitchen island, Corian countertops, Optiflame 26" fireplace, superslide

awning, washer/dryer hook-up, drinking water filter, and Sleep Number queen bed.

While built for four-season, full-time comfort and use, this particular unit will be used exclusively for weekend and vacation outings back East by owners George & Missy Walker of Delaware. The Walkers are still working full-time and they love camping and exploring, so their new Summit is perfectly suited for this use and will allow them to travel and relax in comfort.

As regular attendees at the PRVCA Show in Hershey, PA, George & Missy were already familiar with New Horizons when they placed their order earlier this year. They had also met long-time New Horizons owners Bob & Donna Hutsler at a campground so they had first-hand testimonials to supplement their knowledge.

The Hutsler's took delivery of New Horizons' very first Summit in December 2003—a 37' unit with three slides and traveled as far west as Texas and South Dakota from their home in Maryland. It served as their full-time home for six years, until in 2009 they purchased a home in Florida. Their Summit is now in semi-retirement, serving as their vacation home when they wish to take short trips.

The New Horizons Summit is available in lengths from 29' to 39' and floor plans are only limited by a customer's imagination.

Every Summit we build includes the following standard features:

## RECIPES OF THE MONTH—A New Twist on Paella

### Fideus de Gambas (from *Camping Life*, June 2012)

- ½ lb. dry, uncooked angel hair pasta
- 1/3 cup olive oil
- 3 cloves garlic, minced
- ¾ cup chopped yellow onion
- ½ tsp smoked paprika
- 1 14.5 oz can chopped tomatoes w/ juice
- ½ tsp saffron threads
- 4 cups chicken or vegetable broth
- ½ lb. medium prawns, deveined and peeled

Preheat your skillet to 350 degrees. Break the noodles into 2-3 inch pieces. Heat the oil in a 10-12 inch cast iron skillet. Add the noodles and cook, stirring often, until they start to brown, for about 6 to 8 minutes. Then with a spoon, make a hole in the center and add the garlic. Cook for 2 minutes, and then add the onion, paprika, tomatoes with their juice, and saffron. Add the broth, and bring to a boil, stirring often. Placing coals over the top of your cast iron lid, cover and bake for 30 minutes. Stir in the prawns and bake for 5 minutes more. Serve hot or warm. Serving size is six.
